
Brass Drop in Anchors

Brass Drop in Anchors

Drop in anchors Expansion brass Anchors Drop in Anchors Sleeves Dowels plugs with internal thread Base for Brass Drop in anchors and anchor fasteners

concrete, natural stone, solid brick, and in the case of smaller diameter wood.

Advantages - property

- Shallow depth of anchoring,
- resistant to corrosion and high temperatures,
- easy installation with metric thread screws, anchors
- Knurled surface for improved adhesion to the walls of the hole and prevent the rotation of the anchor during installation,
- can be used in many types of substrates,
- smaller size anchors - very practical for installation in a wooden base,
- the possibility of dismantling and re-assembling.

Sizes: M4 M5 M6 M8 m10 M12 6mm 8mm 10mm 12mm Metric anchors Drop in anchors
