
CNC machined Stainless Steel forgings forged parts forged fittings components

**CNC Machined Stainless Steel Forgings Forged Parts
Forged Fittings components**

CNC machined Stainless Steel
forgings forged parts forged fittings components

STAINLESS STEEL CNC MACHINED FORGINGS MACHINED FORGED FITTINGS STAINLESS STEEL FORGED COMPONENTS

We offer a wide array of Stainless Steel Metal forming and forged parts invest cast and CNC machined components 304 and 316 SS parts, machining stainless steel parts, precision casting part, CNC part, turned CNC machined parts, stainless components , casting part, precision part, CNC machining part, hardware

Machining stainless steel parts, CNC machining part

- Stainless steel is corrosion resistant and longer lasting durable
- Forging of Stainless Steel can be used to achieve uneven shapes and then The Stainless Steel forged parts and components can be CNC machined
- Stainless Steel forged flanges Stainless Steel elbows Tees etc are machined after forging
- Material: Stainless , Bronze, Brass, Copper Aluminum SS 304 316
- Surface treatment: Electropolished Hand polished
- Packing in export worthy cartons and boxes
-

ADDRESS:

CONEX STAINLESS STEEL FITTINGS

1414 Dalamal tower
Nariman point
Mumbai 400021 INDIA
